

Ethics and compliance at Linde

The Linde Group is committed to integrity in all its business dealings. This is non-negotiable.

Aims

Ensure company compliance with legal regulations through appropriate instruments.

Measures

Linde Code of Ethics, reporting system (Integrity Line) and a centralised department responsible for ethics and compliance.

Facts and Figures

Our Code of Ethics is available in over thirty of The Linde Group's languages; employees can contact the Integrity Line via a web portal, phone, post and fax.

Next steps

In September 2009, kick off web-based compliance training for all employees worldwide.
