

Rich spectrum of professional opportunities

Linde offers a wide variety of tasks in numerous different fields worldwide, so we are constantly looking for highly qualified new talent. We look for results-driven people who combine an entrepreneurial, hands-on approach with team spirit and a passion for what they do.

Aims

A look at Linde's appeal as an employer – particularly for engineering and natural science graduates.

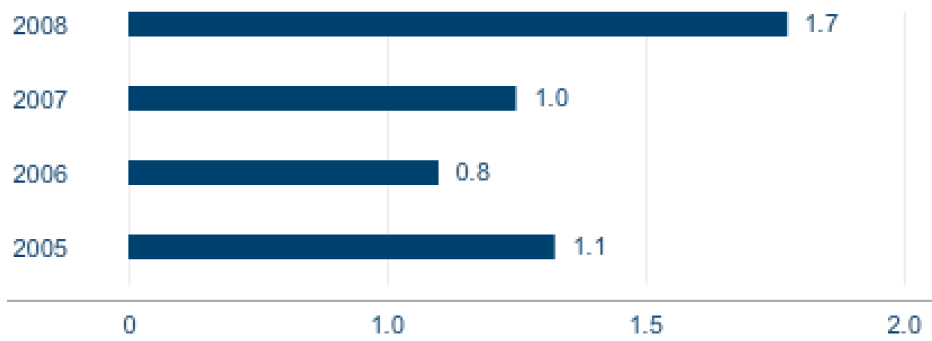

Measures

Various recruitment activities; wide range of training opportunities; skill-building after starting career.
